INTRODUCING ASIA-PACIFIC 2025 SUMMIT & EXHIBITION

UNITING GOVERNMENT & INDUSTRY TO ACCELERATE HYDROGEN DEVELOPMENT

The **Asia-Pacific Hydrogen Summit & Exhibition 2025** returns to the Sydney ICC on 20-21 November for its 3rd and largest edition yet! Held in partnership with the Australian Hydrogen Council, supported by the Australian Trade and Investment Commission and with New South Wales Government as hosts, the Asia-Pacific Hydrogen Summit & Exhibition 2025 is recognised as the region's beacon for key announcements, new partnerships and the innovation propelling the hydrogen economy.

As the hydrogen industry regroupes and re-assesses the progress made to 2025, join us in Sydney to hear from global Ministers and CEOs sharing lessons learnt and recharting the pathway to meet 2030 and 2050 climate goals. With over 3000 industry leaders attending from across the global value chain, this is your opportunity to make key connections, take the pulse of the hydrogen industry and sign the new deals that will further develop the global hydrogen market.

A very good follow-up to the inaugural event. Building nicely. Good to see more APAC nations participating.

MATTHEW HINGERTY
DEPUTY CEO, STAR SCIENTIFIC LTD

“

Let me be very clear, Australia's green hydrogen pipeline is alive and healthy. Today, I'm very pleased to release Australia's new National Hydrogen Strategy, which moves beyond the early stages of the industry to a greater stage of development, reinforcing our policy commitments. Australia is ready for the world's top hydrogen investors, and our governments are committed to working together.

The Hon Chris Bowen MP

Minister for Climate Change and Energy
Australian Government

”

ASIA-PACIFIC HYDROGEN 2025

Summit

#APACHYDROGEN2025

THE GLOBAL STAGE FOR HYDROGEN PROJECTS, POLICIES & STRATEGIES

The Asia-Pacific Hydrogen 2025 Summit brings the policy and strategy leaders at the forefront of regional and global hydrogen projects together to provide insights on the latest advancements that are driving the industry.

Renewable Hydrogen Production

Electrolyser Developments

Low Carbon Hydrogen Production with CCUS

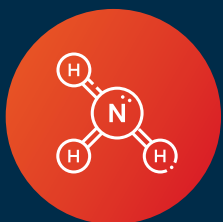

Clean Hydrogen Storage Infrastructure, Transportation & Distribution

Hydrogen Supply Chain Development

Global Ports Creating Hydrogen Hubs and Demand Centres

Hydrogen Carriers: Ammonia, Methanol, Liquid Hydrogen, LOHC

Decarbonising Hard to Abate Sectors Through Low Carbon Hydrogen Applications

Hydrogen Mobility Advancements on Land, Sea and Air

Hydrogen Bankability, Investments, Subsidies

Global Governments Leading the Creation of a Hydrogen Economy

Standardisation, Certification & Regulations

“

This summit is really important, it brings people together from around the world in one place to network...we know that there's a lot more work to be done but it's why this event is so important, so people can talk about that, really work together...collaboration is going to be the key for us to make hydrogen work.

THE HON. PENNY SHARPE

Minister for Climate Change, Minister for Energy, Minister for the Environment,
and Minister for Heritage
Government of New South Wales

ASIA-PACIFIC HYDROGEN 2025 FLOORPLAN

With over 150 global exhibiting companies, the Asia-Pacific Hydrogen 2025 Summit & Exhibition continues its monumental growth in line with the rapid hydrogen industry expansion.

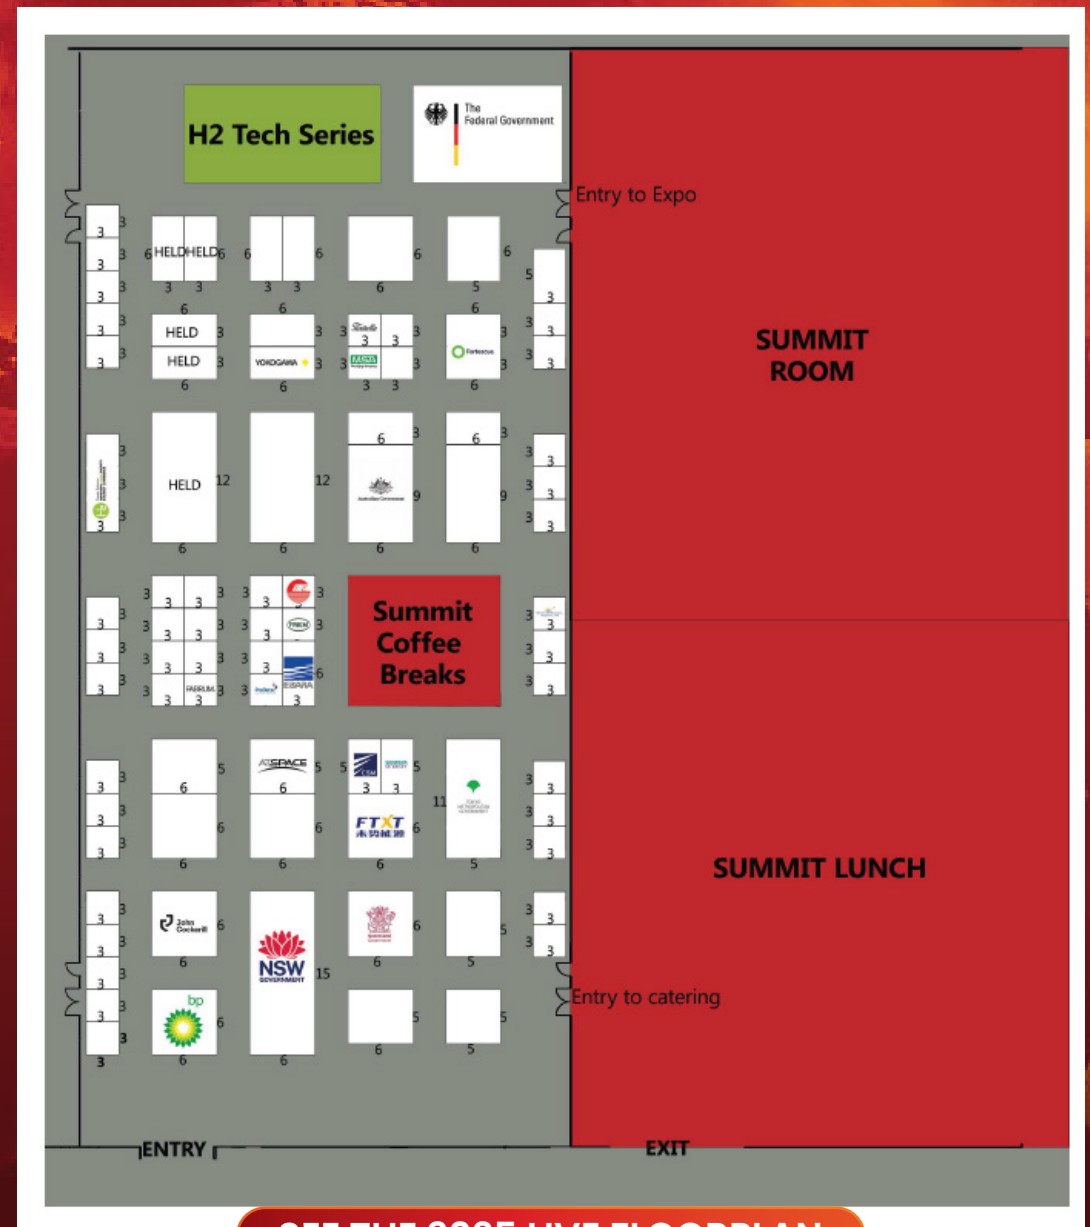

Join industry leaders as they present hydrogen pilot projects, innovative technologies, new products and key services to help you accelerate within the energy space. By exhibiting amongst key players in the hydrogen value chain, you will have the opportunity to connect and highlight your solutions directly to new business partners, building the crucial relationships needed to expand into new markets, access innovative expertise and grow within the industry.

It was a fantastic learning and networking opportunity.

Kohei Toyoda

Director General for Energy Transformation Strategy, JBIC

WHY EXHIBIT AT ASIA-PACIFIC HYDROGEN 2025

- ✓ Participate in the largest and most senior event in the APAC region
- ✓ 3,000+ global buyers and partners
- ✓ Generate new leads and exchange insights in a highly targeted environment
- ✓ Showcase your products and services to global buyers and partners
- ✓ Position your brand as a leader in the growing hydrogen market
- ✓ A cost and time effective way to discover new business opportunities
- ✓ Exchange insights and answer your clients questions instantly
- ✓ Be part of a growing hydrogen community worldwide

  #APACHYDROGEN2025

YOUR CHANCE TO ATTEND THE MOST SENIOR HYDROGEN EVENT IN APAC WITH A COMPLIMENTARY VISITOR PASS!

The incredible **free-to-attend** H2 Tech Series is your opportunity to jumpstart your hydrogen research and development.

The H2 Tech Series runs parallel to the summit sessions, bringing you a collection of short presentations delivered on the exhibition floor. This unique opportunity allows you to hear directly from hydrogen experts presenting their company's latest technologies and solutions to develop the hydrogen ecosystem.

WHY YOU SHOULD VISIT THE EXHIBITION & H2 TECH SERIES WITH A COMPLIMENTARY VISITOR PASS

- ✓ Hear from hydrogen experts, on the exhibition floor
- ✓ Explore a wide range of topics to enhance your hydrogen knowledge
- ✓ Grasp the latest cleantech developments for your hydrogen business
- ✓ Meet with technology manufacturers presenting their latest solutions
- ✓ Ask your questions and understand the future of hydrogen applications
- ✓ Get unique access to high-level hydrogen insights
- ✓ Expand your network and kickstart your industry collaboration
- ✓ Secure deals and do business with key speakers at their exhibition stands

THE APAC HYDROGEN ADVISORY BOARD OF INDUSTRY LEADERS

The Sustainable Energy Council Hydrogen Series of Events bring together governments and companies across the entire supply chain to drive forward the industry and ensure hydrogen plays a pivotal role in the energy transition. Our esteemed Asia-Pacific Hydrogen Advisory Board is made up of senior decision makers from across the hydrogen value chain. Our members meet regularly and give focus to the proceedings to ensure that key industry challenges and opportunities are addressed. The results are highly relevant and solution-focused events across the Hydrogen Series that encourage stakeholders from around the world to take action, meet industry players and do business together.
