INTRODUCING ASIA-PACIFIC 2026 SUMMIT & EXHIBITION

We are excited to announce that the Asia Pacific Hydrogen Summit and Exhibition 2026 will take place at Adelaide Convention and Exhibition Centre 3-4 September.

Held in partnership with the Australian Hydrogen Council, supported by the Australian Trade and Investment Commission and with South Australian Government as hosts, the Asia-Pacific Hydrogen Summit & Exhibition 2026 is recognised as the region's beacon for key announcements, new partnerships and the innovation propelling the hydrogen economy.

South Australia is at the forefront of Australia's clean energy transition, with world-class renewable resources and a strong commitment to hydrogen innovation. South Australia hosts some of the nation's most advanced hydrogen projects, supported by progressive government policies and significant investment in infrastructure. Adelaide is an ideal hub for shaping the future of hydrogen in the region and we can't wait to bring the Asia Pacific Hydrogen Summit and Exhibition there in 2026.

"I think that visitors and delegates could really benefit from coming to this event and from the sessions in the summit because they can hear from people on the ground about what they have actually experienced."

Fiona Simon

CEO
Australian Hydrogen Council

“

Green Hydrogen remains in our plan in Oman...Central to that is the royal decree 10/2023 which delineates and gives decree to the Ministry of Energy and Minerals to access 65,000 square kilometres of land for renewable energy generation and green hydrogen projects. That legislation is the cornerstone of our ability to guarantee to investors long term ability to access to resources and build plans.

H.E. Mohsin Al Hadhrami

Undersecretary of Energy and Minerals
Sultanate of Oman

”

ASIA-PACIFIC HYDROGEN 2026 Summit

THE GLOBAL STAGE FOR HYDROGEN PROJECTS, POLICIES & STRATEGIES

The Asia-Pacific Hydrogen 2026 Summit brings the policy and strategy leaders at the forefront of regional and global hydrogen projects together to provide insights on the latest advancements that are driving the industry.

Renewable Hydrogen Production

Electrolyser Developments

Low Carbon Hydrogen Production with CCUS

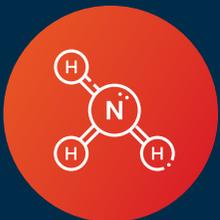

Clean Hydrogen Storage Infrastructure, Transportation & Distribution

Hydrogen Supply Chain Development

Global Ports Creating Hydrogen Hubs and Demand Centres

Hydrogen Carriers: Ammonia, Methanol, Liquid Hydrogen, LOHC

Decarbonising Hard to Abate Sectors Through Low Carbon Hydrogen Applications

Hydrogen Mobility Advancements on Land, Sea and Air

Hydrogen Bankability, Investments, Subsidies

Global Governments Leading the Creation of a Hydrogen Economy

Standardisation, Certification & Regulations

ASIA-PACIFIC HYDROGEN SUMMIT & EXHIBITION

“

Hydrogen is fundamental to decarbonisation, as the energy transition takes place we have a clearer picture of the targeted role it will play in a net zero economy, especially in hard to abate sectors like mining, agriculture, manufacturing, aviation and heavy transport.

THE HON. PENNY SHARPE

Minister for Climate Change, Minister for Energy, Minister for the Environment,
and Minister for Heritage
Government of New South Wales

ASIA-PACIFIC HYDROGEN 2026 FLOORPLAN

With over 100 exhibiting companies, the 2026 Asia-Pacific Hydrogen Summit & Exhibition continues its growth in line with the rapid hydrogen industry expansion.

Join leading companies presenting hydrogen pilot projects, innovative technologies, new products and key services for all aspects of the growing hydrogen value chain. By exhibiting at the Asia-Pacific Hydrogen Summit & Exhibition, you will take advantage of this unique opportunity to connect and highlight your solutions directly to new business partners, creating the crucial relationships needed to expand into new markets, access innovative expertise and grow the industry as a whole.

“

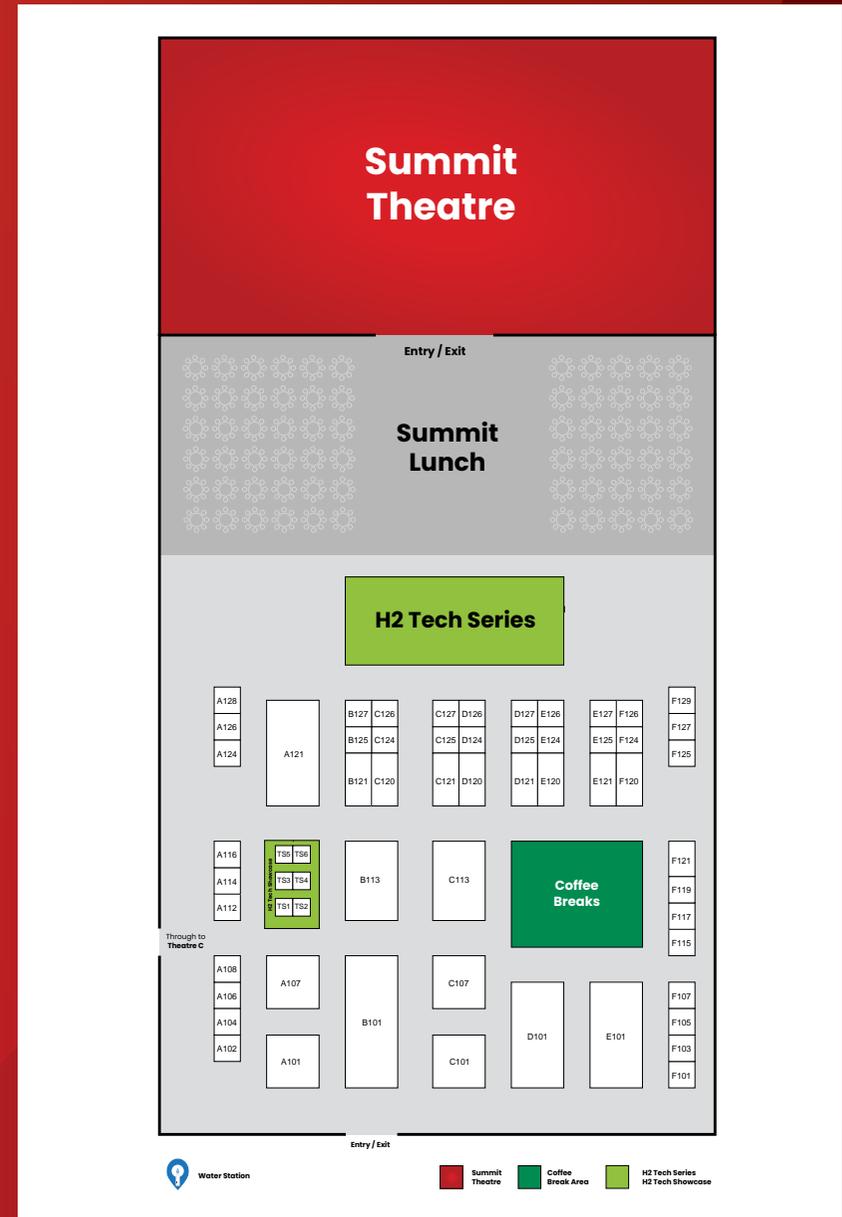

Visitors can look to get some really new insights, they can hear about some of the technologies at the Tech Series. We have so many countries here really dedicated to the energy transition through the use of renewable hydrogen.

WHY EXHIBIT AT ASIA-PACIFIC HYDROGEN 2026

WHY EXHIBIT AT ASIA-PACIFIC HYDROGEN 2025

- ✓ Participate in the largest and most senior event in the APAC region
- ✓ 2,500+ global buyers and partners
- ✓ Generate new leads and exchange insights in a highly targeted environment
- ✓ Showcase your products and services to global buyers and partners
- ✓ Be part of a growing hydrogen community worldwide
- ✓ Exchange insights and answer your clients questions instantly
- ✓ A cost and time effective way to discover new business opportunities
- ✓ Position your brand as a leader in the growing hydrogen market

ASIA-PACIFIC HYDROGEN 2025

H2 
TECH
SERIES

YOUR CHANCE TO ATTEND THE MOST SENIOR HYDROGEN EVENT IN APAC WITH A COMPLIMENTARY VISITOR PASS!

The incredible **free-to-attend** H2 Tech Series is your opportunity to jumpstart your hydrogen research and development.

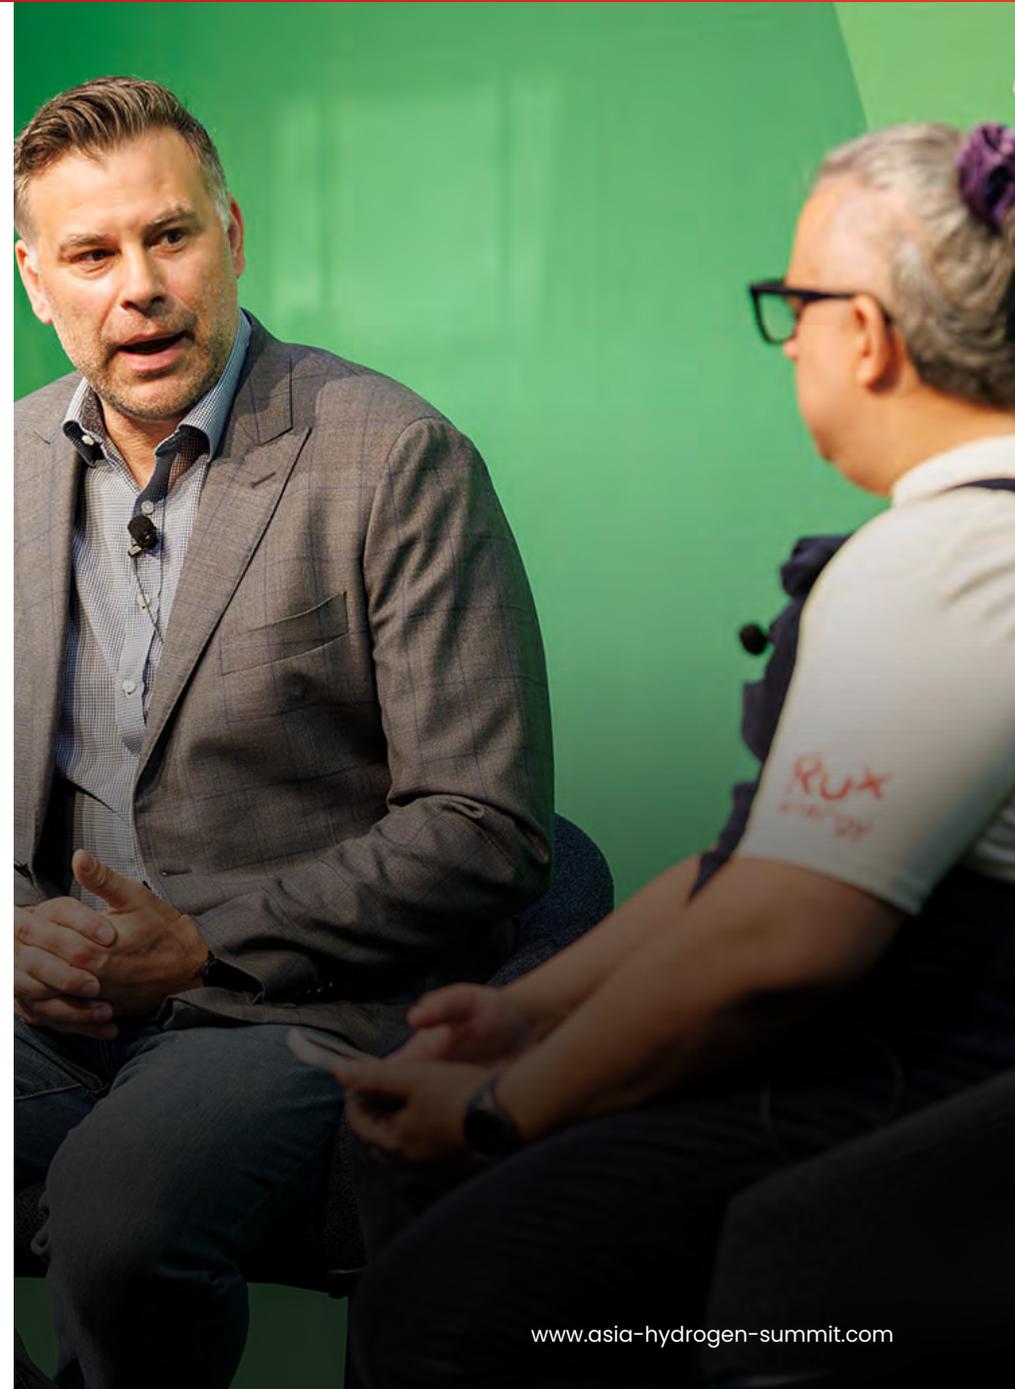

The H2 Tech Series runs parallel to the summit sessions, bringing you a collection of short presentations delivered on the exhibition floor. This unique opportunity allows you to hear directly from hydrogen experts presenting their company's latest technologies and solutions to develop the hydrogen ecosystem.

WHY YOU SHOULD VISIT THE EXHIBITION & H2 TECH SERIES WITH A COMPLIMENTARY VISITOR PASS

- ✓ Hear from hydrogen experts, on the exhibition floor
- ✓ Explore a wide range of topics to enhance your hydrogen knowledge
- ✓ Grasp the latest cleantech developments for your hydrogen business
- ✓ Meet with technology manufacturers presenting their latest solutions
- ✓ Ask your questions and understand the future of hydrogen applications
- ✓ Get unique access to high-level hydrogen insights
- ✓ Expand your network and kickstart your industry collaboration
- ✓ Secure deals and do business with key speakers at their exhibition stands
