THE WORLD'S MOST INFLUENTIAL HYDROGEN EVENT

THE OFFICIAL WORLD HYDROGEN SUMMIT

The industry's most influential event, **World Hydrogen Summit & Exhibition** returns to Europe's hydrogen hub in 2026!

Brought to you by the Sustainable Energy Council and RX Global, in partnership with the Dutch Government, the Province of South Holland, the City of Rotterdam and the Port of Rotterdam, World Hydrogen 2026 is recognised as the official meeting place where hydrogen deals get done and key partnerships are forged.

Across the three bustling days, 10,000 global participants enter a world of hydrogen insights! From strategic discussions at the C-Level Summit, leading products and services in the Exhibition, and in depth product showcases at the 3 Tech Stages, to the incredible site visits in the Port of Rotterdam and non-stop networking with over 4,800 companies at the world's most influential hydrogen event.

Join the global hydrogen community for its yearly gathering and be part of the conversation as companies and governments discuss pragmatic approaches to navigate changing market conditions and enable successful deployment of projects.

The most inspiring thing was the energy and the enthusiasm I saw with all the participants in all the discussions”

Sophie Hermans
Minister of Climate Policy &
Green Growth, Deputy Prime Minister

THE GLOBAL PLATFORM FOR HYDROGEN POLICIES, STRATEGIES & PROJECT DEVELOPMENT

The World Hydrogen Summit convenes global Ministers, CEOs and CTOs to address the industry's most pressing challenges.

Amid shifting geopolitical and market dynamics, this is the moment to lead with purpose and collaborate to shape the conditions for current and future success.

From demand incentives and infrastructure development to certification, finance and FID, hear directly from the world's leading hydrogen pioneers as they share case studies and strategies to accelerate scale, unlock efficiencies and strengthen project bankability.

TOPICS COVERED ACROSS THE SUMMIT

Global Governments Leading the Creation of a Hydrogen Economy

Hydrogen Bankability, Investments, Subsidies

Decarbonising Hard to Abate Sectors Through Low Carbon Hydrogen Applications

Renewable Hydrogen Production

Low Carbon Hydrogen Production with CCUS

Electrolyser & Fuel Cell Innovations

Clean Hydrogen Storage Infrastructure, Transportation & Distribution

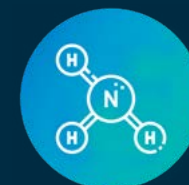

Global Ports Creating Hydrogen Hubs and Demand Centres

Hydrogen Supply Chain Development

Standardisation, Certification & Regulations

Hydrogen Derivatives: e-Fuels, Ammonia, Methanol

Hydrogen Mobility Advancements on Land, Sea and Air

“

This summit which is organized by Sustainable Energy Council and RX Global in partnership with the Dutch Government, the local authorities and the Port of Rotterdam has actually become a leading global platform for advancing hydrogen ecosystem.”

OUR NEW INDUSTRY SPECIFIC ZONES

#CCUSWORLD

OUR NEW! COLLOCATED EVENT: WORLD CCUS SUMMIT & EXHIBITION

THE GLOBAL HUB DRIVING CCUS PROJECT DEPLOYMENT AND PARTNERSHIP.

Part of the world's most influential hydrogen event, World CCUS provides a interlinked energy platform uniting hydrogen and CCUS under one roof, enabling stakeholders to explore synergies between hydrogen production and carbon management while building on a global network of governments, investors, and industry leaders.

World CCUS Summit & Exhibition will serve as the premier global platform for carbon capture, utilisation, and storage. With governments, heavy industry, energy majors, and technology innovators all prioritising CCUS within the energy transformation, this event offers an unmatched opportunity to advance projects, forge partnerships, and accelerate largescale adoption.

OUR NEW! DEDICATED ZONE: ENERGY STORAGE WORLD SUMMIT & EXHIBITION

THE GLOBAL HUB ADVANCING ENERGY STORAGE INFRASTRUCTURE AND SYSTEM INTEGRATION

Energy Storage World Summit & Exhibition, a newly created zone within World Hydrogen 2026, is the global meeting place for advancing energy storage infrastructure across the energy value chain. Bringing together governments, utilities, ports, terminal operators, project developers, technology providers, investors, and industrial energy users, the event focuses on the delivery of physical energy storage assets — alongside grid-scale and long-duration solutions — that underpin energy security, system resilience, and the growth of renewable power and hydrogen.

Through project-led case studies, investment-focused dialogue, and cross-sector collaboration, Energy Storage World Summit & Exhibition addresses the market frameworks, technologies, and financing models required to deploy bankable storage infrastructure at scale — from power-based storage to hydrogen and future fuel storage — enabling secure, resilient, and decarbonised energy systems into the 2030s and beyond.

DRIVING CCUS INNOVATION, INVESTMENT, AND IMPACT

WHY ATTEND THE CCUS CONFERENCE?

Practical insights on technologies, financing and regulatory challenges

Sessions that provide roadmaps and case studies from policymakers, project leaders, and industrial adopters

Platform connecting international stakeholders across the hydrogen and CCUS value chain

WHY EXHIBIT AT WORLD CCUS?

MEET KEY DECISION MAKERS

Gathering global leaders under one roof, it's an ideal time to host meetings and secure business deals right on your exhibition stand.

SHOWCASE YOUR PRODUCTS

Demonstrate your latest products, services and projects to potential buyers and new business partners looking for their next venture

POSITION YOUR BRAND AS A LEADER

Highlight your company's expertise on a truly global hydrogen platform and cement your brand's position as an industry leader.

JOIN THE HYDROGEN COMMUNITY

A cost and time effective way to meet with new and existing clients, exchange insights and generate leader for your company in a highly targeted environment
