

SHELL SCHEME – STAND INFORMATION

FLOOR COVERING

Grey carpet (*Exporips Anthracite on the webshop*) will be provided. To ensure the carpet is clean before the show begins, please note that the plastic film will be kept during the build time. Please remember to remove the plastic films from the carpet when all your set-up is completed.

Other colours are possible on within the [webshop](#).

WALLING

Shell scheme wall dimensions are **1000x2500mm** including white wall panels with an aluminium frame. A graphic panel should have the size of **982x2312mm**. The visible graphic size is **970x2300mm**. For more detailed information, please [Click Here](#).

Printed graphics are **not** included in the price. We recommend that you work directly with the exhibition contractor, **Gielissen** who can print and apply graphics to the wall panels.

You can find various **graphic options** on the [webshop](#). Login details to access can be found in the exhibitor introduction email. Please contact the [SEC Logistics Team](#) if you have any issues accessing the webshop.

If using your own graphics, it is not permitted to use tape or any fixative as this will damage the panels. Our official contractor, **Gielissen**, can provide double sided sticky tape onsite.

COMPANY NAME & LOGO DISPLAY

Your company name will be printed on your booth fascia. If you would like to apply a company logo or any graphic in addition to the company name please visit the [webshop](#).

Company names on fascia boards will be printed in '**CAPITAL LETTERS**', unless specified in advance.

ELECTRICITY & FURNITURE

Booths will be provided 1 x standard connection 230V - 3KW socket including 2 days consumption.

The furniture outlined below is automatically included in your package:
